EDUCATION

Bachelor in Computer Engineering   Kathmandu, Nepal | 2013 - 2017
Tribhuvan University

WORK HISTORY

FRONTEND DEVELOPER | Independent   Australia, SYD | Jan 2022 – Current

- Developed visually appealing and responsive web pages using HTML, CSS, and JavaScript, creating seamless user experiences.
- Specialized in Single Page Applications (SPA's) using React, and crafted reusable components with Tailwind CSS, Bootstrap, Material UI and SCSS.
- Translated Figma wireframes and design guidelines into pixel-perfect implementations, ensuring a consistent focus on user experience and responsive design.
- Proficient in AJAX for asynchronous data fetching, utilizing promise-based libraries like Axios, and demonstrating expertise in working with RESTful APIs for efficient data retrieval and manipulation.

JUNIOR WEB DEVELOPER | G & D Developers (Remote)   Kathmandu, Nepal | Jan 2023 - August 2023

- Practiced advanced State Management using Context API, created Resuable Components, implemented Authentication and implemented advanced React concepts to build an e-commerce website.
- Learned to version control the application using Git and GitHub.
- Performed Unit testing using Jest

PROJECTS

QILO ⬀   HTML, CSS, Javascript, BootStrap, OOP
This application is designed to help users track their daily calorie intake and maintain a healthy lifestyle. The app is built using Object-Oriented Programming (OOP) principles in JavaScript, providing a modular and organized codebase.

REELSCAPE ⬀   HTML, Tailwind CSS, Vanilla JS, API Handling , Swiper JS
A movie guide and description website made by fetching data from the movie database public API (TMDB) and displaying them dynamically with a beautiful UI.

REACT DASHBOARD ⬀   React, Material UI, Nivo Charts, MUI Data-Grids
A modern react dashboard made with enterprise level packages such as MUI data grids, material UI (MUI) and Nivo charts integrated with custom theme pallette and dark/light mode toggle functionality.

LUXEHOME E-COMMERCE WEBSITE ⬀   React, Tailwind CSS, Axios, Context API, Stripe, Auth0
Undertaken an ecommerce website abounding search capabilities along with advanced filtering, sorting, user authentication, secured payment process and flexible cart management system.

PERSONAL PORTFOLIO ⬀   React, Sanity CMS, SCSS, Framer Motion
Demonstrating my proficiency in web development tools and technologies, I have designed and developed a personal portfolio website, serving as a showcase of my expertise and achievements.

SKILLS

Languages: JavaScript, Python, C++, C ->Order in expertise
Frontend Development: HTML/CSS, JavaScript, React, Tailwind CSS, Material UI, Bootstrap, SCSS -> Order in expertise
Other Technologies: Git, Github, Axios, Framer Motion, Redux Toolkit, CMS, Vite, Webpack, Figma
Soft Skills: Communication, Hardworking, Problem Solving, Attention to Detail, Time Management
